FOREWORD

Each district has its own geography, its own human indices, its natural resources, its administrative environment that constitute its profile, create its own complexion and condition its capabilities to pave for growth and resist, reduce and manage impact of hazards—both natural and man-made.

The present survey and study to prepare District Disaster Management Plan (DDMP) has been designed to have the focused participation of the district administration, the Block & Gram Panchayat level officers and above all the people who not only participate but also expected to educate our team members about various contours of districts that hazards bring about and leave behind.

Four sets of questionnaires— one for District Administration, one for Block & Panchayat level officers and elected representatives, one for NGOs & CBOs and one for the people to have structured discussion at the community level have been prepared and already distributed. A copy of each has been enclosed herewith for reference.

Interaction with Disaster Management Department about the past performance of the five districts in the event of disaster has also been held.

A pre-survey and study meet with district administration level officers in all the five allotted districts has been done and key officers briefed about the kind of participation the study team required from District, Block & Gram Panchayat level officers and representative and support to have focused interaction at the ground level.

ॐ

ACKNOWLEDGEMENT

We sincerely thank the Bihar State Disaster Management Authority for entrusting the task of preparing Disaster Management plan for districts of Patna, Nalanda, Vaishali, Kaimur and Rohtas districts. The vice-Chairman of SDMA deserves special thanks for already guiding us in preparation of state disaster management plan and also giving us platform on different occasions which no doubt has further sharpened our knowledge on holistic approach in disaster management. No doubt, this privilege has made our task easier in preparing plan for five districts.

We also give our sincere thanks to Mr. Abhay Kumar Singh, IAS, Mr. B. Kartikeya, IAS, Dr. U.S.Mandal, Mr. Prabhakar Jha, IAS and Mr. Sandeep Kumar R. Pudalkatti, IAS, District Magistrates who also happen to be the Chairmen of Patna, Nalanda, Vaishali, Kaimur and Rohtas District Disaster Management Authority respectively for organizing workshop on dates requested by us.

The meetings were also attended and actively participated by the respective DDCs, ADM in charge of DDMA, SDOs, DCLRs, SDOs, BDOs, COs and officials of line departments and we appreciate the interest shown by them in the deliberations. They deserve thanks for having assured us of help in collection of data at Panchayat level.

We also thank our team members who made all the five programmes successful. Right from preparing schedule/questionnaire to arranging reading materials for participants, all were done with precision. In the last, we sincerely thank Dr. Madubala, Dr. Manisha Dubey and Mr. Asif Sahab for attending the Workshop as representative of Bihar State Disaster Management authority.

1. INTRODUCTION

The National Disaster Management Act, 2005 requires each district to have its own Disaster Management Plan which should in consonance with the policies of the Central and State Government and the State Disaster Management Plan.

The State Disaster Management Plan of Bihar is a policy statement. As such, the District Plan has to be Activity Statement Specific to the kind of hazard the district is primarily heir to. It has to be hazard specific, area specific, activity specific and distribution of roles specific. It has to be pragmatic and not academic. It has to be precise and compact so that officers may like to visit the document again and again.

In order to prepare such a document, one has to have conceptual clarity about the district, about the hazard the district is heir to, about kind of measures required for risk reduction, about the kind of advance preparations required for crisis management and about the readiness required for crisis management.

In order to have all these, an appropriate methodology and strategy are essentially required. Besides the teams involved in primary data collection have to be properly groomed and trained to get the facts and figures straight.

For each of the five districts allocated– Patna, Nalanda, Vaishali, Kaimur & Rohtas are like five fingers having their own contours and knots to measure which one yardstick cannot be applied. To mentally prepare the district administration each of the five districts was visited by a team led by none less than the Director of Prof. G.P.Sinha Centre for Disaster Management & Rural Development.

The date of visits and the number of officers present including the District Magistrate, has been placed in a tabular form :

District Visit & participation Details :

Districts	Date of Visit	No. of Officers Attendance	Remarks
Kaimur	13 & 14.07.2015	50	

ॐ

2. CONCEPTUAL FRAMEWORK OF DDMP

- a. Futuristic Plan with Historical Perspective :** Each district has its own geography, its own human indices, its natural resources, its administrative environment that constitute its profile, create its own complexion and condition its capabilities to pave for growth and resist, reduce and manage impact of hazards—both natural and man-made.

The present survey and study to prepare District Disaster Management Plan (DDMP) has been designed to have the focused participation of the district administration, the Block & Gram Panchayat level officers and above all the people who not only participate but also expected to educate our team members about various contours of districts that hazards bring about and leave behind.

Four sets of questionnaires— one for District Administration, one for Block & Panchayat level officers and elected representatives, one for NGOs & CBOs and one for the people to have structured discussion at the community level have been prepared and already distributed. A copy of each has been enclosed herewith for reference.

Interaction with Disaster Management Department about the past performance of the five districts in the event of disaster has also been held.

A pre-survey and study meet with district administration level officers in all the five allotted districts has been done and key officers briefed about the kind of participation the study team required from District, Block & Gram Panchayat level officers and representative and support to have focused interaction at the ground level.

b. Understanding about DDMP (Multi-Hazard Focus) :

- i. It should be in total compliance with the guidelines of the DM Act. 2005.
- ii. It should be structured as per the model DDMP of Madhubani Developed by BSDMA.
- iii. It should include the manner in which DRR could be integrated with the development plan and projects of Govt. of Bihar.
 - ◆ Strategies for strengthening institutional and functional capacities of DDMA.
 - ◆ Roles and responsibilities for the different stakeholders, govt. department & others.
 - ◆ Strengthening early warning system at the district level .
- iv. DDMP shall be prepared in Hindi with commonly used terminologies in English.

c. Identifying current and potential risks :

SECTION-A

INSTITUTIONAL

1. Structure and functioning of District Disaster Management Authority (DDMA).
2. Emergency Operation Centre — its set up and operation.
3. Hazard profile of the district — Block wise.
4. History of hazard in the district and the worst case scenario.

SECTION-B

RISK MANAGEMENT

5. Risk Management needs keeping in view the worst case in view — Hazard wise.
6. Hazard wise Roles & Responsibilities of related line departments.
7. Hazard– wise Risk Management measures required to be taken (Preparedness).
8. Hazard – wise Capacity and Capability building measures required to be taken by concerned department .
9. Hazard– wise, area- specific stake holders listing, orientation and holding of mock exercises.
10. Feedback and views sharing with stakeholders on hazard and area related issues.
11. Hazard– wise action stations in the district to monitor mitigation and preparedness measures being implemented.
12. Hazard– wise area–wise quarterly review of Crisis Management measures with hazard wise stakeholders group availability of human and material resources in hazard specific vulnerable areas, setting up of Action stations to provide support service on immediate basis, readiness of local team to man Action Stations, preparedness of district level team to provide back-up etc.
13. Readiness of Emergency Operation Centre and its connectinty with backward & forward linkages.

SECTION-C

CRISIS MANAGEMENT

14. Activation of Action Stations with locally available human resources like self- help and mutual help groups, locally available search and rescue team, escorting people to marked in advance relief stations, providing drinking water, food packet, medicine packets and engaging victims into caring conversation.
15. Round the clock operationalisation of Emergency Operation Centre – Posting of security personnel at the sites of Disaster – Despatch of support team and support materials- channalising emergency support requirements soon the state pool of human and material resources.
16. Search and Rescue – Relief and Camping – security and medical services – livestock camping and medical support services— camp management service.

17. Human and livestock bodies disposal - solid waste removal, establishment of transport and communication system, lighting arrangements – creation of facilities for the team members engaged in crisis management.
 18. Taking stock of disaster situation – Holding of review meeting at the district level – filling the gap-deactivation of the local crisis management team.
 19. Review meeting of stakeholders- impact assessment of disaster –Assessment of the Rehabilitation Plan in view of the disaster –Taking Stock of the material support supplies-organizing distribution of perishable items and stocking of imperishable ones for distribution at an appropriate time.
 20. Finalising rehabilitation plan and initiating measures to implement the same - deactivating of search and rescue team - strengthening of relief camp management - restoration of regular transport, communication and lighting service.
 21. Start of rehabilitation of human & livestock population setting up of livelihood activities taking normalization measures.
- d. Action Oriented Plan :** In accordance with the Disaster Management Plan 2005 the state plan was mostly a policy statement. On the another District Disaster Management Plan will be an action oriented clearly indentifying the activities relating hazard specific, Area Specific, Activities specific and distribution of roles specific.

3. SCOPE OF THE PROJECT

Approach for Comprehensive Plan & Consideration for lower administrative units below district – Block and Panchayat level interventions : The methodology for collecting contents for the District Disaster Management Plan shall consists of the followings :

- a. Consultation with District Magistrate and Head of other line departments.
 - ◆ on the structure and functioning of DDMA.
 - ◆ on the specific hazards that the district is heir to
 - ◆ about the most affected Block & Gram/Nagar Panchayats
 - ◆ about the institutional framework so far taken
 - ◆ about the crisis management team so far prepared
 - ◆ about the self-help groups so far groomed
 - ◆ about the early warning system in place
 - ◆ about the NGOs & CBOs working at the grass roots level.
- b. Interaction with Block and Gram Panchayat level officers and elected representatives about the ground level realities and actual implementation of the hazard impact mitigation measures, training and orientation of people in self-help and natural help, about the resources relief and medical support measures etc.
- c. Small group discussion at the community level about
 - ◆ the hazards
 - ◆ their impact
 - ◆ the rescue, relief and rehabilitation measures
 - ◆ the mitigation measures they think as appropriate to be taken
 - ◆ the warning system
 - ◆ the security of their assets
- d. The tools to be used are :
 - ◆ structured questionnaire
 - ◆ small group discussions
 - ◆ one to one interaction with opinion leaders
 - ◆ the documents available on the past disaster happening in the district
- e. The stakeholders to cover will comprise of :
 - ◆ DMD
 - ◆ District Magistrate
 - ◆ Heads of Line Departments

- ◆ Sub- Divisional Officers
- ◆ Block Development Officers
- ◆ Gram/Nagar Panchayat Representatives
- ◆ NGOs & CBOs
- ◆ Community leaders and
- ◆ the people who are the primary stakeholders

f. Mainstreaming DRR & CCA to be taken into consideration

The Disaster Risk Reduction Plan will consist of :

- i. Administrative, economic, social, technical, geographical and climatic analysis of the district from hazard point of view.
- ii. Risk, vulnerability and capability analysis.
- iii. Problem analysis
- iv. Strategy to develop District Disaster Management Plan
- v. Stakeholders analysis
- vi. Functioning of District Disaster Management Authority
- vii. Disaster Risk Reduction Plan
- viii. Inclusion of disaster management inputs in developmental schemes
- ix. Institutional development in the district for disaster management
- x. Processing plan implementation
- xi. Roles & Responsibilities line departments and other stakeholders

And the Disaster Response Plan will cover :

- i. Early Warning System's functioning
- ii. Activating the Response act
- iii. Search and rescue operations
- iv. Initial assessments of damages and loss
- v. Relief work
- vi. Deactivating response act
- vii. Rehabilitation work
- viii. Relevant works related to Flood, Earthquake, Drought, Fire, Crowd management
- ix. Role of Emergency operation centre in disaster response

4. DISTRICT PROFILE

■ District Overview

In 2011, Kaimur had population of 1,626,384 of which male and female were 847,006 and 779,378 respectively. In 2001 census, Kaimur had a population of 1,289,074 of which males were 677,623 and remaining 611,451 were females.

■ District Population Growth Rate

There was change of 26.17 percent in the population compared to population as per 2001. In the previous census of India 2001, Kaimur District recorded increase of 30.64 percent to its population compared to 1991.

■ District Density

The initial provisional data released by census India 2011, shows that density of Kaimur district for 2011 is 488 people per sq. km. In 2001, Kaimur district density was at 387 people per sq. km. Kaimur district administers 3,332 square kilometers of areas.

■ Literacy Rate

Average literacy rate of Kaimur in 2011 were 69.34 compared to 55.09 of 2001. If things are looked out at gender wise, male and female literacy were 79.37 and 58.40 respectively. For 2001 census, same figures stood at 69.64 and 38.79 in Kaimur District. Total literate in Kaimur District were 920,276 of which male and female were 549,923 and 370,353 respectively. In 2001, Kaimur District had 561,854 in its district.

■ Sex Ratio

With regards to Sex Ratio in Kaimur, it stood at 920 per 1000 male compared to 2001 census figure of 902. The average national sex ratio in India is 940 as per latest reports of Census 2011 Directorate. In 2011 census, child sex ratio is 942 girls per 1000 boys compared to figure of 940 girls per 1000 boys of 2001 census data.

■ Child Population

In census enumeration, data regarding child under 0-6 age were also collected for all districts including Kaimur. There were total 299,281 children under age of 0-6 against 269,812 of 2001 census. Of total 299,281 male and female were 154,105 and 145,176 respectively. Child Sex Ratio as per census 2011 was 942 compared to 940 of census 2001. In 2011, Children under 0-6 formed 18.40 percent of Kaimur District compared to 20.93 percent of 2001. There was net change of -2.53 percent in this compared to previous census of India.

Description	2011	2001
Actual Population	1,626,384	1,289,074
Male	847,006	677,623
Female	779,378	611,451
Population Growth	26.17%	30.64%
Area Sq. Km	3,332	3,332
Density/km2	488	387
Proportion to Bihar Population	1.56%	1.55%
Sex Ratio (Per 1000)	920	902
Child Sex Ratio (0-6 Age)	942	940
Average Literacy	69.34	55.09
Male Literacy	79.37	69.64
Female Literacy	58.40	38.79
Total Child Population (0-6 Age)	299,281	269,812
Male Population (0-6 Age)	154,105	139,100
Female Population (0-6 Age)	145,176	130,712
Literates	920,276	561,854
Male Literates	549,923	375,196
Female Literates	370,353	186,658
Child Proportion (0-6 Age)	18.40%	20.93%
Boys Proportion (0-6 Age)	18.19%	20.53%
Girls Proportion (0-6 Age)	18.63%	21.38%
Description	Rural	Urban
Population (%)	95.97 %	4.03 %
Total Population	1,560,813	65,571
Male Population	812,298	34,708
Female Population	748,515	30,863
Sex Ratio	921	889
Child Sex Ratio (0-6)	943	912
Child Population (0-6)	289,652	9,629

Male Child(0-6)	149,070	5,035
Female Child(0-6)	140,582	4,594
Child Percentage (0-6)	18.56 %	14.68 %
Male Child Percentage	18.35 %	14.51 %
Female Child Percentage	18.78 %	14.89 %
Literates	874,045	46,231
Male Literates	523,725	26,198
Female Literates	350,320	20,033
Average Literacy	68.76 %	82.64 %
Male Literacy	78.97 %	88.29 %
Female Literacy	57.62 %	76.26 %

■ District Urban Population

Out of the total Kaimur population for 2011 census, 4.03 percent lives in urban regions of district. In total 65,571 people lives in urban areas of which males are 34,708 and females are 30,863. Sex Ratio in urban region of Kaimur district is 889 as per 2011 census data. Similarly child sex ratio in Kaimur district was 912 in 2011 census. Child population (0-6) in urban region was 9,629 of which males and females were 5,035 and 4,594. This child population figure of Kaimur district is 14.51 % of total urban population. Average literacy rate in Kaimur district as per census 2011 is 82.64 % of which males and females are 88.29 % and 76.26 % literates respectively. In actual number 46,231 people are literate in urban region of which males and females are 26,198 and 20,033 respectively.

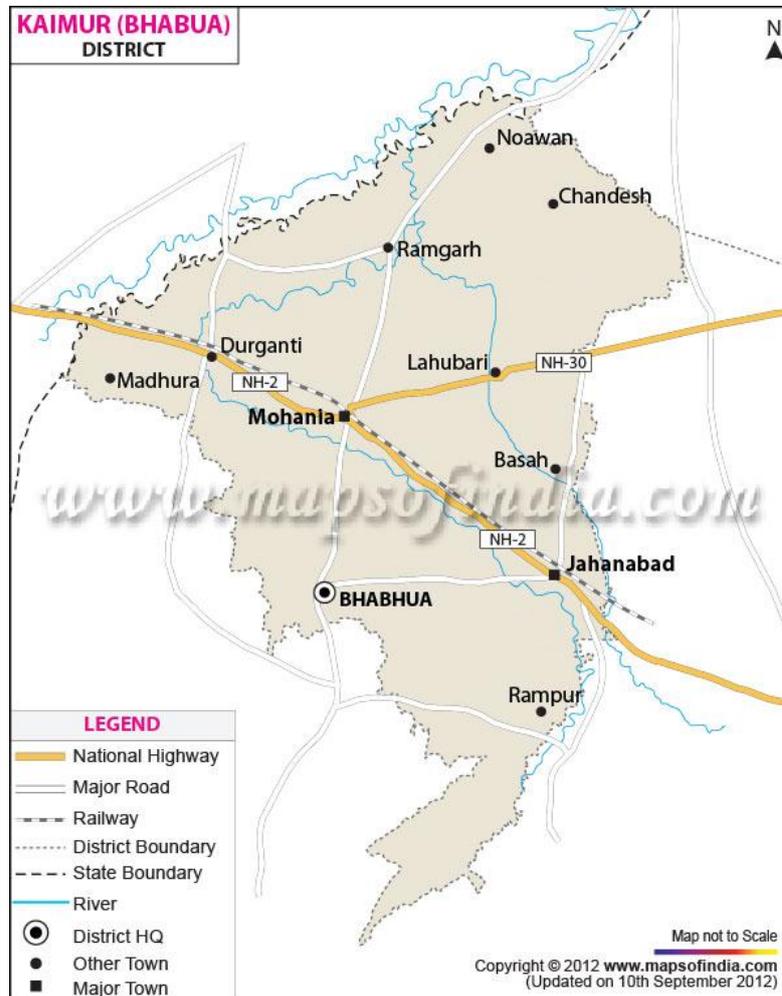

■ District Rural Population

As per 2011 census, 95.97 % population of Kaimur districts lives in rural areas of villages. The total Kaimur district population living in rural areas is 1,560,813 of which males and females are 812,298 and 748,515 respectively. In rural areas of Kaimur district, sex ratio is 921 females per 1000 males. If child sex ratio data of Kaimur district is considered, figure is 943 girls per 1000 boys. Child population in the age 0-6 is 289,652 in rural areas of which males were 149,070 and females were 140,582. The child population comprises 18.35 % of total rural population of Kaimur district. Literacy rate in rural areas of Kaimur district is 68.76 % as per census data 2011. Gender wise, male and female literacy stood at 78.97 and 57.62 percent respectively. In total, 874,045 people were literate of which males and females were 523,725 and 350,320 respectively.

Urban Agglomerations inside Kaimur District	Population	Male	Female
There is no Urban Agglomeration inside Kaimur District			
Cities inside Kaimur District	Population	Male	Female
There is no Urban Agglomeration inside Kaimur District			

KAIMUR :

Kaimur district having a population of 16.29 lakh is spread in 1712 villages. The schedule Caste form almost 52 pc. About 187599 are in BPL category. In the district about 84.60% houses have been put in Kutcha house category. Though the density of population is among lowest in Bihar – 488/per Sq. km., the average household size is big – 6.81. The district is bordering UP and Jharkhand. Geographically it can be divided into hilly and plain areas. It has 11 Blocks and 115 Panchayats.

Its hilly area is marked by extremist violence and religious places on hills where people throng in thousands and sometime become victim of stampede.

The district suffer from flash flood, extremist violence, fire, drought and crowd chaos. There are some hilly rivers like Kudra, Durgawati, Kohira, kukurnaha, Suara, Mehunwa and Karmnasa. Except for Karmnasa, all other rivers are rain fed and dry up by November. Though the district is not known for any serious flood proneness but four circles have been identified where excess waterlogging causes flood. They are –

Sl. No.	Circles	Panchayat Name	Total Panchayats
1	Ramgarh	Sisaura, Sahdullahpur, Darwan, Bandipur, Baraura, Ramgarh, Narhan, Mahua at, Nonar & Devhalia	10
2	Durgawati	Kherkholi, Khamidaura, Dharhar and Msaurha	04
3	Mohania	Siyapokhar, Akhori mela, North Parsia & part of Amarpura	04
4	Nuaon	Akhni, Sonebarsa, Pajraon & Kariram	04

In case of flood or for that matter any disaster, effort has been identified to locate the place where capmps could be located in different blocks. The places identified are:-

Sl. No.	Name of Blocks/Circle	Place of camps	Total Nos.
1	Durgawati	Shatruharan Vidyalaya, Kalyanpur, High School, Dhanecha & Basic School, Kalyanpur	03
2	Ramgarh	High school, Baraura, Higher Secondary School, Sudallahpur, High School, Devhalia, Middle School, Sahuka	04
3	Nuaon	Jaiswal High school, Nuaon, High school, Mukhrao	02
4	Mohania	Maharana Pratap College, Mohania	01

Availability of boats : the district has 14 boats at Nuaon block, 05 at Ramgarh and 03 at Durgawati blocks. All the boats are private. As said there is no embankment in the district but due to canals available , a vigilance team is formed at Sone and Jamania pump canal divisions.

The highway nos.2 and 30 crosses through the district and often accidents do take place. The district can post three mobile medical team for the purpose.

In Kaimur the interaction meet with district administration was held on 14th July 2015. The meeting was attended by 50 officers from district administration and line department and also from Block and Panchayat.

Through power-point presentation the information and support required for the preparation of DDMP was explained to the officers and copies of the questionnaires given so that they could go through the same remain prepared accordingly.

The meeting was interactive and fruitful The functioning of DDMA in the district is not in line with the DM Act,2005. It required structural improvements.

The EoC too is not properly functional due to non-availability of funds and manpower.

Vulnerability Assessment of Kaimur District :

District	Earthquake		Flood	Drought	Fire	Cyclonic Storm
	High	Medium				
Kaimur(Bhabua)				D		CY

Source : Census-2011-12 & Vulnerability Map of India & Rural Development Dept., GoB

Map:- Climate

Note: Based on Climatic temperature and rain fall the district has been placed in agro. climatic zone –III(A) & requires a different agricultural intervention.

Source : Directorate of Statistics & Evaluation, GoB

5. APPROACH, METHODOLOGY & ACTIVITIES

- a. Data Sources – Primary & Secondary (including relevant maps) :** As explained earlier data will be collected from different sources. For understanding the disaster of various nature much stress has to be given on secondary data collected from different officials & other related agencies.

Based on data available from district and block that primary data collection would start to pin point a various aspects like risk, vulnerability, hazard for the particular districts. This will be derived after primary data his collected. Block & Panchayat level resource map will also be approach.

- b. Stakeholders' involvement (including IDRN) :** The stakeholders so far identified are Department of Disaster Management, Govt. of Bihar, Bihar State Disaster Management Authority, District Disaster Management Authority, Line departments, Circle officers, Panchayats, Villagers, CBOs and various groups.

6. DDMP PREPARATION PLANNING & REPORTING MECHANISM

- a. Ensuring involvement and ownership of DDMPs :** The ultimate preparation of District Disaster Management Plan will be as such that it will have ownership value for both the administration which is supposed to implement & act in planning and also for the common people for which the plan is being made.

As stated in the previous chapters besides the above groups and officers to be contacted, the plan will actively take the help of scientific tools to make the plan purposeful.

We have already circulated schedule for different levels to ensure a chain of reporting so that future actions can be taken & corrections made accordingly. The other part of reporting mechanism is to be followed as decided by Bihar State Disaster Management Authority. (BSDMA)

7. TIMELINE AND DELIVERY SCHEDULE (TABLE)

Sl.No.	Activity	Months					
		1	2	3	4	5	6
1	Initial Briefing to obtain inputs from the respective District	★					
2	Study of Primary & Secondary Data, Study and Development GIS maps and Vulnerability analyses of the districts	★					
3	Study of other existing District Disaster Management Plan & Guidelines from other states	★					
4	Inception Report for Development of District Disaster Management Plan & related guidelines	★	★				
5	Organisation to be involved/contacted (DDMA, SDMA, DM Deptt., GoB., All Line Deptt., GoB., NDMA, NIDM, CWC, IMD etc.)		★	★			
6	Consultation with different stakeholders from government and outside agencies (NGOs etc.)		★	★	★		
7	First Draft of District Plan & Guideline to be circulated to stakeholders a Govt. Deptt., NGOs, people's representatives & others to get feedback				★		
8	Integration of DM Plan with development plans of different deptt. of the district				★	★	
9	Second and Final draft of District Plan & Guideline					★	
10	Workshop to incorporate feedback & suggestion from govt. deptt. & other stakeholders					★	
11	Final District Disaster Management Plan & Guidelines for departments of State Govt. & DDMA						★
12	Release of District Disaster Management Plan						★

8. MONITORING AND EVALUATION SYSTEM

With a view to making Disaster Management Plan flawless, it has been envisaged to effectively monitor the people engaged in collections of data and evaluating the available data for identification of risks in a particular districts.

While the core team setup for the DDMP is engaged in monitoring and evaluation, the other team has been involved in primary and secondary data collection.

9. PROJECT TEAM

Team Leaders and other Team Members – CV (Qualifications and Experience), Roles and Responsibilities etc.

Sl. No.	Name	Designation / Role	Expertise
Core Team :			
1	Col. (Dr.) A.K. Singh	Advisory role on Health issues	Hospital Management
2	Dr. T. Prasad	Advisory role on Flood related issues	Flood Management & Hydrolic issues
3	Capt. S.S. Singh	Advisory role on embankment safety	Water resource development
4	Dr. Rajan Sinha	Director/Monitoring	Disaster Management
5	Mr. Sudhakar Jha	Director (Project)/ Evaluation	IEC & Rural Development
Primary & Secondary Data Collection Team :			
6	Dr. Sharwan Kr. Singh	Project Coordinator	Schedule & Questionnaire
7	Mr. A.N. Thakur	Hindi Specialist	Hindi Specialist
8	Mr. B.K. Poddar	Field Coordinator & Data Collection	Hindi Specialist
9	Mr. M.C. Sharma	Office & Field Coordination	Computer & Data Analysis
10	Mr. Sanjiv Kumar	Field Survey	Investigator
11	Mr. Rajesh Kumar	Field Coordinator & Data Collection	Investigator
12	Mr. R.R. Mathur	Field Coordinator & Data Collection	Investigator

Note : Besides above field investigators are engaged as per requirement. All CVs of resource persons attached separately.

Col. A. K. Singh (Retd.)

MBBS (Pat), MHA (AIIMS), NDC (India), FICMCH

CURRICULUM VITAE

NAME : AJIT KUMAR SINGH
DATE OF BIRTH : 22nd November, 1940.
NATIONALITY : Indian
EDUCATION : Bihar Board of Secondary Education
Patna University
All India Institute of Medical Sciences, New Delhi
National Defense College, New Delhi

MEDICAL QUALIFICATION :

M.B.B.S. Prince of Wales Medical College, Patna, Bihar-1964
Master in Hospital Administration, All India Institute of
Medical Sciences, New Delhi-1977.

REGISTRATION : Registered with Medical Council, Bihar

MAJOR INTERESTS : Hospital planning and Hospital Administration, Post-graduate Teaching in Hospital Administration, Equipment Planning, Motivation and Human Resource Management, Project Consultancy and Execution. Conceptualization / Development and Execution of programmes/projects of Socio-Economic nature in economically under developed societies, particularly in Bihar.

PROFESSIONAL OBJECTIVES

Strategic planning of medical facilities, design and development of hospitals. Promoting concept and implementation of programs bringing medical facilities to common man at affordable cost. Planning for emergency medical services including trauma centers and critical care units. Promoting, developing and managing cost-effective medical facilities of various levels and different specialities. Developments of medical facilities quality care assurance programmes and their implementation. Equipment planning and maintenance. Professional and para-medical human resource development. Executive consultancy in hospital's general administration, including personnel, finance and inventory management. Promoting skilled staff placement, including mobile specialist service. Advisory role for various hospitals / medical and allied facilities.

SOCIAL OBJECTIVES

Conceive, Promote and encourage Socio-economic development programmes in under developed societies and execution of such programmes at own initiative or through like minded individuals / NGOs to help improve quality of life and facilitate, promotion of comprehensive health care in underprivileged and economically underdeveloped societies.

POINTS / ASSIGNMENTS PRESENTLY HELD

1. Chairman, Basudeo Health Foundation, Patna

Established –

(a) Ratan Stone Clinic, 1996.

The first even ESWL (extra corporeal shock wave lithotripsy) unit established in Bihar, pioneering an era of modernization in the field for the benefit of people of Bihar.

(b) Dr. Ruban Memorial Hospital, 2000.

A kidney specialty Hospital of 35 beds with additional facility of GI Endoscopy and laparoscopic cholecystectomy.

(c) Ruban Emergency Hospital.

A 42 beds emergency services hospital with emphasis on critical care. Now under process of establishment.

2. Chairman and Managing Director

M/s Medicontrivers India Pvt. Ltd. (website - www.medicontriverse.com)

A hospital and health care facilities promotion, planning and management Consultancy Company established in 1993 with headquarters located at Mumbai.

MEDICONTRIVERS ASSIGNMENTS

A. Hospitals Planning Consultancy:

Past Assignments

- (i) Ruby Hall Clinic – Pune-1 (300 bedded Private Hospital) modernized and expanded to 500 beds capacity. (Consultancy period 1994 – 1996)
- (ii) Malabar Institute of Medical Sciences Ltd. Calicut. 500 bedded corporate multi super-specialties hospital. Project cost approximately 70 crores. (Consultancy period 1996 – 1999)
- (iii) A. J. Hospital – Mangalore – 500 bedded multi super specialties hospital. Project cost approximately 80 crores. First phase of 300 beds at project expenditure of 35 crores commissioned in 2001. (Consultancy period 1999 – 2004).

Present Assignments

- (i) PALAI Diocesan Medical Education Trust Project for establishing a medical college, 750 bedded teaching cum super specialty hospital and a nursing college.
- (ii) K.L.E. Society's Project for a 400 bedded super specialty hospital at Bangalore.
- (iii) MJK Medical College & Hospital, Bettiah, (West) Champaran. A project for establishing a medical college on an existing 300 hospital complex at Bettiah in Bihar. A proposal submitted to the Government of Bihar and under process of consideration.
- (iv) Alakh Nayan Mandir "Institute of ophthalmology", Udaipur Rajasthan. An already running institute of ophthalmology is proposing to established a state-of-the art hospital to provide updated high technology based services in the field of ophthalmology. Project under space-program development stage.
- (v) Taurian Iron & steel company Pvt. Ltd. And Taurian Pharma Pvt. Ltd. Promoted Multi speciality Hospital and Nursing School project at Deoogarh. The project is in the initial stage of planning. Land acquisition process in progress.

B. Hospital management Consultancy:

- (i) Shri Siddhi Vinayak Ganapati Cancer Hospital, Miraj, Maharashtra. (Consultancy period 2001 – 2002)
- (ii) Shanti Mangalik General Hospital, (150 bedded Hospital) Agra, (UP) (Consultancy period 2001 – 2002)

C. Units promoted and established under Medicotrivs ownership.

D. Dr. Ruban Diagnostics a state-of-the-art diagnostic center at Patna, Bihar. The first phase is limited to only diagnostic imaging modalities consisting of Dual Slice Whole Body Spiral CT Scan, Digital X-ray, live 3D (4D) Sonography Unit with Color Doppler and mammography. A fully automated pathology laboratory, cardiac stress test laboratory, pulmonary function test laboratory and executive health checkup program is being established and to be commissioned by February 2007. The rest of imaging modalities like MRI and Gamma Camera will be in the second phase. The initial part of the first phase costing approx Rs. 3 crores has been commissioned and is operational with effect from 2nd May 2004.

3. Honorary Member K.L.E. Society, Belgaum – Karnataka

Period of Membership 1998 – till life

An educational society established in the year 1916 and presently running approximately 112. Educational institutions of different disciplines and of various sizes varying from a deemed university of health sciences with a medical college, state-of-the-art teaching hospital and other health sciences institutions like dental college, nursing college, school of physiotherapy to institutions for difference science and arts disciplines as well as primary and vocational education having approximately 65000 students and 7000 teachers. The annual turn over of the society is approximately 250 crores.

1. Member Governing Body

K L E Society's Hospital & Medical Research Centre, Belgaum – Karnataka

Period of Assignment June 1996 – till date

A 1000 beds teaching cum super specialty hospital.

5. Member Credential Committee

Academy of Hospital Administration

Period of membership December 2004 – till date

6. Member of the committee to identify the problems and suggests the short and long term strategies to develop the institute as an institute of excellence as per aims and objectives of the institute.

Indira Gandhi Institute of Medical Sciences, Seikhpura, Patna

Period of Membership August 2006 – till date

7. Member of the committee for assistance in completion of the Project Report of proposed medical college (Starting MBBS Course) at IGIMS

Indira Gandhi Institute of Medical Sciences, Seikhpura, Patna

Period of Membership August 2006 – till date

8. Member Planning & Monitoring Board

KLE Academy of Higher Education & Research (KAHE) Belgaum, Karnataka

Period of membership December 2004 – till date

A deemed university of health sciences.

9. Member, PGDHM (Post Graduate Diploma in Hospital & Health Management) advisory Board – Institute of Health Management Research, Jaipur, Rajasthan.

Period of membership June 2002 – till date

POSITIONS / ASSIGNMENTS PREVIOUSLY HELD

1. Medical Director & Chief Consultant, K.L.E. Society's Hospital & Medical Research Centre, Belgaum – Karnataka Assignment involved Conceptualization, Strategic Planning, Architectural Planning and project execution for 1000 beds teaching cum super specialty hospital. Period of assignment November 1991 – June 1996.
2. Medical Director & Chief Executive, K.L.E. Society's Hospital & Medical Research Centre, Belgaum – Karnataka Period of assignment June 1996 – December 2002
3. Visiting Hospital Management Consultant, Ruby Hall Clinic, Pune-1 (350 bedded super specialty hospital) Period of assignment August 1992 – December 1993
4. Hospital Planning Consultant, K. J. Somaiya Medical Trust, Mumbai
The task involved development of space programme for a 150 admissions capacity medical college and 1400 bedded teaching cum super specialty hospital along with nursing college. Period of assignment 1991 – 1996
5. Hon. Planning Consultant, Manipal Hospital, Bangalore Period of assignment 1986 -1987
6. Hon. Planning Consultant
Smt. Sunitidevi Singhanian Hospital & Medical Research Centre, Thane, Maharashtra. Hon. Role involved conceptualization and development of 150 bedded general hospital. Period of assignment 1982 – 1988.
7. Hospital Planning & Management Consultant,
Sanjay Gandhi Memorial Trust, New Delhi
The assignment involved planning for 100 admissions capacity medical college on the campus of existing 300 bedded Sanjay Gandhi Hospital at Amethi, UP. The plan for the medical college was developed so was the programme for improvement of the existing hospital. The same was presented before the chairperson of the trust, Smt. Sonia Gandhi and was approved for implementation. However due to certain reasons project has not been put to execution so far. Period of assignment 1996-1999.
8. Expert Member, Hospital Planning Team, Sher-E-Kashmir Institute of Medical Science, Srinagar, Jammu & Kashmir
The hospital has since been commissioned in the year 1982. Period of assignment 1979-1982.
9. Hon. Consultant, Kasturba Medical College & Hospital, Manipal, Karnataka.
The Hon. Assignment involved development of new operation theatre complex with 12 operation theatres, intensive care units, institute of Urology and Cardiac ward. Period of assignment 1982-1986
10. Project Officer, INHS Asvini, Mumbai
The assignment involved development of a comprehensive plan from space programme development to the development of architectural plans with all related services for 835-bedded general cum super specialty Naval Hospital for the Indian armed forces. Period of assignment June 1982 – September 1985.
11. Commanding Officer, 298 bedded Military Hospital, Nasirabad, Rajasthan.

The assignment was fulfillment of traditional role of commanding officer in the military setup and laid down working procedures. Period of assignment July 1988 – December 1990.

12. Senior Registrar and Officer Commanding Troops, 900 bedded Military Hospital, Kirkee, Pune. The assignment was fulfillment of traditional role of senior registrar and OC troops as per period of assignment November 1991- August 1992.
13. Member Secretary of Governing Body K.L.E. Society's Hospital and Medical Research Centre, Belgaum, 1000 bedded teaching multi-specialty hospital. Period of assignment June 1996 – December 2002.
14. Member of Governing Body K.L.E. Society's College of Nursing, Belgaum, (conducting GNM, B.Sc. and M.Sc. Program in Nursing). Period of assignment June 1996 – December 2002.
15. Member of Governing Body K.L.E. Society's Dr. Kamal Kasbekar Hospital, Ankola, Karnataka. Period of assignment June 1996 – December 2002.
16. Deputy Assistant Director General, Directorate General Armed Forces Medical Services Ministry of Defense – New Delhi. Period of assignment 1973-1975.
17. Executive Hospital Consultant Ministry of Health and Family Welfare Govt. of Goa
Period of Assignment February 2002 – March 2004.

FELLOWSHIP / MEMBERSHIP OF PROFESSIONAL ASSOCIATIONS

1. Life Member of Indian Society of Health Administrators
2. Life Member of Assn. for Trauma Care of India
3. Member, Academy of Hospital Administration
4. Alumni of the National Institute of Health administration and Education, New Delhi
5. Alumni of Dept. of Hospital Administration, AIIMS, New Delhi
6. Alumni of National Defense College, New Delhi
7. Fellow of the Indian College of Maternal & Child Health
8. Life Member of National Association of Voluntary Sterilization & Family Welfare of India
9. Charter Member and Charter President of Rotary Club of Venugram, Belgaum, Karnataka
10. Member of Association of Retired Defense Officers from 1993 and President for year 2000 – till date.

WORKSHOPS / SEMINARS / SYMPOSIA / CONFERENCES

Attended over 40 workshops, seminars and symposia on various aspects of hospital administration, clinico – administrative services, hospital planning and allied subjects. Acted as faculty, Guest speaker and presented dozens of paper at these forums on clinico-administrative subjects and hospital planning.

TEACHING ASSIGNMENTS

1. Officer Instructor, Army-Medical Corps Centre and School, Lucknow. Officer's Training School, imparting military training and medical administration courses to newly commissioned medical and nursing officers as well as para-medical assistants of Indian Armed Forces.

2. Associate Professor of Hospital Management, Armed Forces Medical College, Pune and Post-graduate teacher of University of Pune (1977-1982).
3. Examiner for Post-graduate Course / Degree in Health and Hospital Administration, National Board of Examinations, New Delhi, University of Pune, University of Mangalore. Manipal Academy of Higher Education, All India Institute of Medical Sciences (AIIMS) New Delhi (1979 – till date)
4. Course writer distant learning programme, Hospital & Health Administration, Indira Gandhi National Open University – New Delhi.

PERSONAL INTERESTS

Golf, Informal human interaction on subject of social concerns.

Dr. T. Prasad

1. Name : Triyugi Prasad
2. Date of Birth : 18th October 1939
3. Educational Qualifications:

Degree/ Diploma	Subjects	Institution/Board or Univ.	Year	Class/ Division	Remarks
Secondary School	English, Hindi, Science, Math, Etc.	Muzaffarpur Zila School /Bihar Secondary School Exam. Board	1954	1 st	
I.Sc	Physics, Chemistry, Math.	Science College, Patna/ Patna Univ.	1956	1 st	2 nd Rank in Univ.
B.Sc. (Engg.)	Civil Engg.	Bihar College of Engineering / Patna University.	1960	2 nd Class Honours.	
P.G. (Dip.)	Dam Design, Irrigation Engg. & Hydraulics	Roorkee University.	1961	1 st	
Ph.D.	Water Resources Engg. & Hydrology	Univ. of Illinois, U. S. A.	1968	4.9/5 in Course Work.	

4. Research and other Training :

Institution	Type of Training	Year
Univ. of Illinois, USA.	Research Assistant in Hydrology.	1966 – 68
Moscow State Univ., USSR	Two month's Specialists Course in Ground Water	1971
Harvard Univ., U.S.A.	6-Month Senior Research Fellowship in Development of Water Resources in the Indian Sub – continent	1976
United States Bureau of Reclamation	3-Week Training in Water Systems Management Techniques	1984

5. Positions Held:

Main Positions	Institution	Rank	Year
	Bihar College of Engg. (Patna University)	Lecturer in Civil Engineering.	1961
	Do	Associate Professor in Civil Engineering.	1973
	Do	Professor of Civil Engineering.	1984
	Patna University	Prof. & Head, Dept. of Civil Engineering, Patna University.	1994 – 1999 (Oct.)

Auxiliary Positions	Centre for Water Resources Studies (Patna University)	Director	1988-1999 (Oct.)
	Bihar College of Engineering (Patna University)	Principal	1997-1998
	Patna University Computer Centre	Professor-in-Charge	1996-1997
	Patna University	Co-Ordinator, U.G. C. Special Assistance Programme (Water Resources), Dept. of Civil Engg.	1994-1999 (Oct.)
	Patna University	Dean, Faculty of Engineering	1998-1999 (Oct.)

6. Publications.

More than 122 Papers presented at national and international conferences / seminars / symposia / workshops, and published in the Proceedings as well as in National and International Journals.

7. Membership of Professional Societies*

- (i) Member, The Institution of Engineers (India).
- (ii) Member. International Water Resources Association.
- (iii) Life Member, Indian Water Resources Society.
- (iv) Member, American Society of Civil Engineers.
- (v) Member, International Association of Hydraulic Research.
- (vi) Member, International Association of Hydrological Sciences.
- (vii) Member, Indian Society of Earthquake Technology.

* (Membership of certain Professional Societies has since ceased due to non- payment of membership dues in course of time)

8. Present Position.

Executive Chairman, **Integrated Hydro Development Forum**, Patna.

9. Major Research Assignments as Principal Investigators/Supervisors.

A Selective List of Sponsored Research Projects Executed :

Sr. No.	Topic	Agency	Period
1.	Problems & Prospects of Groundwater Utilization for Irrigation Development in Bagmati Basin	The Ford Foundation, U.S.A	1985 – 89
2.	Conjunctive Use of Surface & Groundwaters for Irrigation Development in North Bihar (Research Proposal Development).	International Development Research Centre, Canada	1989 – 90
3.	Management of Conjunctive Irrigation System in Gandak	India – IIMI Programme	1990 – 92

	Command Area.		
4.	Hydrological Studies for Icha and Chandil Dams.	World Bank Assisted Multipurpose Subarnrekha Project (Govt. of Bihar).	1986 – 87
5.	Conjunctive Use of Surface and Ground Waters for Irrigation Development in North Bihar.	International Development Research Centre, Canada	1994-1999 (Oct.)
6.	Design of Conjunctive Irrigation Systems.	Indian National Committee on Irrigation & Drainage, Govt. of India	1994 -1999 (Oct.)
7.	Water Resources Inventory of a Mini Watershed and their Conjunctive Utilization for Drinking Water Supply.	Ministry of Rural Development, Govt. of India.	1995 -1999 (Oct.)
8.	Teaching Programmes and Hydrology Component in Undergraduate Course in Engineering Colleges.	Indian National Committee on Hydrology , Govt. of India	1996- 1999 (Oct.)

Theses and Dissertations Supervised

Successfully guided 3 doctoral theses and 5 Master's Degree dissertations on various topics on hydrology and water resources.

10. Visits to Institutions/Projects

Apart from visiting almost all important water resources related institutions and projects in India, I have visited several such institutions and projects in other countries, such as:

1. **U. S. A.** (Many Universities, TVA, USBR, Army Corps of Engrs. Hydraulic Research Station, East-West Centre, etc.)
2. **Canada** (Many Universities, National Hydrology Research Centre, etc.)
3. **U.K.** (Institute of Hydrology, Hydraulics Research Ltd., Flood Hazard Research Centre, Universities & Polytechnics, etc.)
4. **USSR** (Moscow State Univ., Valdai Hydrology Research Inst., Hydrological Installations)
5. **Switzerland** (Swiss National Hydrological Survey, Inst. for Hydrology & Glaciology, etc.)
6. **Austria** (Technical Univ., Graz; Inst. of Hydrology & Hydraulics)
7. **Italy** (Univ. of Rome, FAO)
8. **The Netherlands** (The Delft Institutes)
9. **Sri Lanka** (IIMI)
10. **Japan** (Tokyo Univ.).

11. **Denmark** (Danish Inst. of Hydraulics).
12. **German**: University of Karlsruhe.
13. **Nepal**: Tribhuvan University, Royal Nepal Academy of Science & Technology.
14. **Bangladesh**: Bangladesh University of Engineering and Technology, Dhaka.
15. **China**: University of Water Resources, Namking ; National Institute of Hydrology & Water Resources Namking.
16. **Thailand**: Asian Institute of Technology, Bangkok.

11. Seminars/Conferences/Workshops/Training Courses organized as their Convenor or Coordinator.

A selective list is given below.

- (I) Refresher Course on **Hydrologic Analysis and Design** in 1975, sponsored by Bihar Government and other organizations.
- (II) All India Symposium on **Mathematical Modeling for Simulation and Solution of Water Resources Problems**, sponsored by U.G.C. in 1976.
- (III) Refresher Course on **Hydrology for Project Formulation**, sponsored by the Indian National Committee of I.H.P., held in 1980.
- (IV) A National Symposium on **Planning and Design of Water Resources Systems**, sponsored by the Irrigation Dept., Government of Bihar, held in February 1983.
- (V) Short – Term Course on **Planning, Design and Operation of Reservoirs** held in Oct. – Nov. 1985.
- (VI) Short – Term Specialized Course on **Runoff Computation from Ungauged and Data Deficient Basins**, held in Oct. '87.
- (VII) Training Course on **Computer Aided Design and Operation of Conjunctive Irrigation Projects** held in 1994.
- (VIII) Specialized Course on **Application of Entropy in Hydrology and Water Resources** held in 1996.
- (IX) Conference on **Environmental and Ecological Problems in Water Resources Management in Flood Prone Alluvial Plains** – Jan. 1997.
- (X) Seminar on **Role of Science and Technology in Water Resources Development and Management (With Special Reference to Bihar Region)** held in March '99.

The CV is authenticated by the authorized representative of the organisation under signature and seal of the organisation.

Name : **Capt (Ex.) S. S. Singh**
Chief Engineer (Retd.) Water Resources
Department Govt. of Bihar, Patna

Present Address : B/109, People's Co-operative Colony
Kankarbag, Patna-20 (Bihar)
Tel. – 0612-2340050 (Resi)

3. Details of Professional Experience (Post held & Period of Service)

- (a) Total Length of Service- over 36 yrs., 15 yrs in GOI and 21 yrs. In GOB Flood Management & Water Resources Sector.
- (b) Chief Engineer, WRD, Patna Sector cum MD, BSCC, Water Resources Deptt., GOB over 2 yrs.
- (c) Joint Advisor (1 & CAD and Flood Management) Planning Commission, GOI- about 6 years.
- (d) Director, Central Water Commission and Ganga Flood Control Commission, MOWR, GOI – 5 years.
- (e) Superintending Engineer, Second Bihar State Irrigation Commission, GOB – about 1 year.
- (f) Executive Engineer, Water Resources Deptt. GOB about 9 years.
- (g) Company and Platoon Commander, Indian Army – 4 years.
- (h) Assistant Engineer, Water Resources Deptt. GOB – 9 years.

4. (a) Academic Qualification :

- (i) B.Sc. Engg. (Civil)
- (ii) M.Sc. Engg. (WRD) (The dissertation work prescribed is yet in process).

(b) Professional Attachment :

- (i) F.I.E. (Ind.)
- (ii) Fellow of ICA, Ministry of Commerce, GOI
- (iii) Member IIPA.
- (iv) Member IWRS Professional experience in flood management and its various facets – about 23 years.

5. Present Activities :

- (a) In panel of Individual Consultant in WRD including Flood Management CWC, MOWR, GOI.
- (b) Fellow Arbitrators of the Indian Council of Arbitrators (ICA), Ministry of Commerce, GOI.
- (c) Empanelled as Arbitrator in WRD Sector in CWC, MOWR, GOI.
- (d) Top Level Expert (TLE) in WAPCOS, MOWR, GOI in WRD including Flood Management Sub-sector. +

6. Date of Superannuation : October 31, 2001

7. Some salient works performed relevant to WRD and Flood Management

Sectors. : Attachment – 1

SALIENT DETAILS OF WORKS

As Chief Engineer, Water resources Department, Govt. of Bihar, for over 2 years I was in-charge of implementation of two prestigious inter state, WRD projects i.e. Sone modernization Project (Estimated cost – 235.93 Crores) and Tilaiya Dhadher Diversion Project (Estimated cost – 223.11 Crores) besides operation and maintenance of irrigation systems for provision of irrigation in about 3.5 lacs ha. In addition to the above I have supervised flood management / control works in the Ganga, the Sone and the Punpun rivers in the state.

Just prior to this, in about 11 years service in Government of India (6 years in Planning Commission and 5 years in Central Water Commission and the Ganga Flood Control Commission), I had been actively associated with water resources development and management and flood control / management in the country. While in Planning commission I was responsible for formulation and finalization of Ninth Five Year plan for Water resources Development in the country through Major & Medium, Minor Irrigation, Command Area Development and Flood Management Sub-Sectors. In this endeavor review of Eight Plan Performance of above sub-sectors directly as members in few Working Groups constituted for formulation of Ninth Five Year Plan and association with others were also had which included deep study of maladies / remedies therein to provide feedback for formulation of strategies for their mitigation / elimination subsequently. Besides above, works in the Planning Commission required scrutiny and finalization of Five Year plans and Annual Plans of the Union Ministry of Water resources and all the 32 states and UTS in the country, techno-economic appraisal of irrigation and flood control schemes and their investment clearances, monitoring of implementation of some of the important ones and post-facto evaluation for their overall performance / impact etc. In regard to flood sector, participated as members of certain High Level Committees like HLC on Flood Management on Ganga-Padma river system in Malda, Murshidabad Dist. in W.B. HLC for flood management in NE, Eastern and Southern Sectors in the country and People’s participation including in flood sector etc. and these were actively pursued for their due implementation. While in GFCC, I was responsible for preparation for preparation of comprehensive plan of Flood Management in certain major flood prone rivers i.e. in the Ganga, The Bagmati, The Kamla, The Jelange and Punpun etc. and presentation of these to the affected people of the area in respective Seminars for seeking their opinion on the provisions and incorporating their suggestions, if any, required from time to time for eventual adoption. Before this, while in Government of Bihar, I had dealt with planning and actual implementation of some irrigation and flood control management / drainage projects and review of adopted flood mitigation measures, their impact and future strategies for short term and long term measures in all river systems in the state. Thus have the long experience of about 23 years in W.R.D. and flood management / sectors and associated facets in totality. Some broad notable details of at each stage from CE to EE level in this regard are as follows-

1.	October 2001 to Sept. 1999 (Over 2 years.)	Chief Engineer Water Resources Department, GOB & MD, BACC	<ul style="list-style-type: none"> (a) Implementation of Sone Modernisation and Tilaiya Dhadhar Diversion Project. (b) Operation and maintenance of irrigation system for provision of irrigation in about 3.5 lakhs ha. (c) Flood management in the Ganga, The Sone and The Punpun rivers including enforcement of state flood control orders and due reporting of flood data
----	--	---	---

			through MIS. (d) As MD, BSCC. I was dealing with the construction activities of WRD and Flood Management projects worth about 100 crores per year.
2.	Sept. 1999 to Oct. 1993 (6 years)	Joint Advisor (in WRP and Flood Management) Planning Commission, GOI, New Delhi	<p>Examination and review of Five Years Plans and Annual Plan proposals of irrigation and flood control sector of MOWR and related organizations and all 32 states & UTS in the country. Participation in various committees / groups set up by Planning Commission / MOWR, few significant ones are as follows-</p> <p>(a) Member of Working Group (WG) constituted by Planning Commission on Flood Management (including drainage) and Participatory Irrigation Management in the country for the Ninth Five Year Plan which brought out short – term and long – term implementation strategies during Ninth Plan, vis-à-vis resource requirements as per envisaged priorities. Financial resource being the most critical constraint for flood control sector, I was especially assigned preparation of report on “Institutional Aspects and Financial & Maintenance Mechanism” for flood control & drainage programme in the country with special reference to augmentation of resources to this vital sector. This was prepared which the above W.G. accepted in toto and incorporated in the W.G.Report for Ninth Five Year Plan.</p> <p>(b) Was a member of the “Experts Committee for Bank Erosion Problem of River Ganga-Padma in the districts of Malda & Murshidabad in West Bengal” constituted by the Planning Commission (1996), which was completed in record time of about four months and broadly accepted by the GOI which now is under implementation.</p> <p>(c) Was a member of the Regional Task Force constituted by the MOWR for Flood Management in the North Eastern, Eastern and Southern region which cover most serious flood vulnerable regions in the country. The recommendations are broadly under implementation.</p> <p>(d) Associated with various working groups of the “National Commission for Integrated Water Resource Development Plan” constituted by GOI (1996) the report of which has already been circulated.</p> <p>(e) Grossly connected with ‘Vaidyanathan Committee on Irrigation Water Pricing’ in the country which helped evolve a mechanism for fixing water rates in different regions of the country for various crops.</p> <p>(f) As a member of steering committee for steering especially designed scheme i.e. Flood Proofing programme in North Bihar for providing some relief to chronically flood effected areas in North Bihar, wherein needed effort was made to expedite its implementation.</p> <p>(g) Over saw implementation of critical implementation of CSS Schemes of MOWR and duly guided them for</p>

			achievement of their purpose.
3.	October 1993 to Feb. 1993 (1 year)	Superintending Engineer (WRD), GOB, Patna	While in Bihar State Second Irrigation Commission, associated with over all preparation of water resource plan / programme in the state and flood management and drainage plans of the rivers in Bihar most of which originate from Nepal and thus are international character.
4.	Feb. 1993 to Feb. 1998 (4 years)	Director, GFCC, GOI, Patna	Was assigned preparation of comprehensive plans of flood management for the major rivers originating from Nepal and out falling in the Ganga-Brahmputra-Megna basin, spreading to eight States of Himachal Pradesh, Haryana, Uttar Pradesh, Bihar, West Bengal, parts of Rajasthan and M.P. and NCT of Delhi. Also worked as Member-Secretary (Indian Side) of "Joint Indo-Nepal Group" for preparation of master Plan of Flood Management of Indo-Nepal rivers.
5.	Feb. 1989 to Feb. 1988 (1 year)	Director, GWC, GOI, New Delhi	While in CWC was associated with Water Resource Development and Flood Management in three States of Uttar Pradesh, Haryana, and Tamil Nadu.
6.	Feb. 1988 to April 1993 (about 5 years)	Executive Engineer, WRD, GOB	Planning & investigation of drainage of Mokama Group of Tals, a chronically water-logged area. During this period was associated with multi-disciplinary committee i.e. Mokama Tal Technical – Cum-Development Committee constituted by GOB for the purpose of suggesting measures for drainage of Water logged area & assessment of development needs in the area, the recommendations of which are now under implementation.
7.	April 1998 to June 1979 (about 7 years)	Executive Engineer, WRD, GOB	I was in charge of planning and implementation of flood management works in the Ganga River for protection of a no. of vital installations like NH-31, Mansi-Katihar NE Railway section, Indian Oil Pipe Line etc., biggest flood producing river system in the country.
8.	May 1979 to Sept. 1970 (about 7 years)	Assistant Engineer, WRD, GOB.	Investigation and Planning of Subernrekha Multipurpose project, Kosi & Construction of Tenughat Dam Project over Damodar River.
9.	Sept. 1970 to Sept.1966	Lieutenant / Captain Indian Army, GOI	Works assigned to Corps of Engineers.
10.	Sept. 1966 to Sept. 1965	Assistant Engineer, WRD, GOB	Implementation of Gandak Project.

The CV is authenticated by the authorized representative of the organisation under signature and seal of the organisation.

जिला आपदा प्रबंधन योजना हेतु दी जाने वाली जानकारियां

जिला अनुसूची

जिले के आपदाओं को चिन्हित करे तथा बिन्दुवार जिला से संबंधित सूचना दे। जगह अपर्याप्त हो तो अतिरिक्त पृष्ठ संलग्न करें।

1. जिले में आपदा, खतरा (Hazards), सवेदनशीलता(Vulnerability), संसाधन/क्षमता (Resources/Capacity)

आपदा	प्रखंड	खतरे	सवेदनशीलता	उपलब्ध संसाधन/क्षमता	
बाढ़				1. विद्यालय	मानव संसाधन
भूकम्प				2. महाविद्यालय
सुरवा				3. अस्पताल
चक्रवात				4. पंचायत भवन
ओलावृष्टि				5. अन्य भवन
आग				6. उँचा चबुतरा
औद्योगिक दुर्घटना				7. सड़क
				8. रेल
सड़क दुर्घटना				9. रेलवे प्लेटफॉर्म
				10. उँचा चापाकल
शीत लहर				11. संचार के साधन
लू				12. सरकारी वाहन
भीड़/मेला				13. नाव/मोटर बोट
				14. जन वितरण की दुकान
अन्य				15.
				16.
				17.

2. क्षमता निर्माण के लिए किये गये कार्य

मानव संसाधन में क्षमता वृद्धि हेतु

संरचनात्मक ढांचा के मजबूतीकरण हेतु

3. जिला स्तर पर विभिन्न प्रत्युत्तर/मोचन(Response) दल का गठन और स्थिति

4. आपदा के समय विभिन्न विभागों को सौंपे गए दायित्व

विभाग : _____ सौंपे गए दायित्व _____ दूरभाष _____

(1) कृषि

(2) पशु एवं मत्स्य पालन

(3) भारत संचार निगम लि०

(4) भवन निर्माण

(5) शिक्षा

- (6) उर्जा
- (7) अग्निसेवा/दमकल
- (8) खाद्य निगम
- (9) खाद्य आपूर्ति एवं उपभोक्ता संरक्षण
- (10) स्वास्थ्य
- (11) उद्योग
- (12) सूचना एवं जनसम्पर्क
- (13) श्रम संसाधन
- (14) पंचायती राज
- (15) लोक स्वास्थ्य अभियंत्रण
- (16) योजना एवं विकास
- (17) पुलिस
- (18) डाक एवं तार
- (19) ग्रामीण विकास
- (20) विज्ञान एवं तकनीकी
- (21) सामाजिक सुरक्षा
- (22) सांख्यिकी
- (23) स्थानीय क्षेत्र अभियंत्रण संगठन
- (24) परिवहन
- (25) शहरी विकास
- (26) नगर निगम/नगर पालिका/नगर परिषद्
- (27) जल संसाधन
- (28) सहकारिता
- (29) राजस्व

5. आपदाओ का इतिहास (केवल उसी वर्ष का अंकन करे जिस-जिस वर्ष आपदा आई हो।):

आपदा	माह/वर्ष						
बाढ							
भूकम्प							
सुरवा							

चक्रवात							
ओलावृष्टि							
आग							
औद्योगिक दुर्घटना							
सड़क दुर्घटना							
शीत लहर							
लू							
अन्य							

6. उपरोक्त आपदाओं में विभिन्न विभागों द्वारा निर्वहण की गई भूमिका

विभाग का नाम :

निर्वहण की गई भूमिका :

7. प्रत्युत्तर/मोचन(Response) की संभावित योजना :

8. जिले का GIS Map संलग्न करें-

9. जिले का दूरभाष संदर्शिका संलग्न करें

10. जिले का पूर्वनिर्मित जिला आपदा प्रबंधन योजना संलग्न करें

11. जिले में आपदा के दौरान जन सूचना के साधन :

12. जिले की भौगोलिक स्थिति :

13. जिले की जनसंख्या विवरण :

आबादी	स्त्री	पुरुष	साक्षर	0-6	विकलांग
सामान्य					
पिछड़ा					
अनुसूचित जाति					
अनुसूचित जनजाति					

14. जिले में सक्रिय NGO की सूची संलग्न करें।

जिला आपदा प्रबंधन योजना हेतु दी जाने वाली जानकारियां

प्रखंड अनुसूची

जिला मुख्यालय से प्रखंड की दूरी-----

जिला :

प्रखंड का नाम :

प्रखंड के आपदाओं को चिन्हित करे तथा बिन्दुवार प्रखंड से संबंधित सूचना दे। जगह अपर्याप्त हो तो अतिरिक्त पृष्ठ संलग्न करें।

1. प्रखंड में आपदा, खतरा (Hazards), सवेदनशीलता (Vulneability), संसाधन/क्षमता (Resources/Capacity)

आपदा	पचायत	खतरे	सवेदनशीलता	उपलब्ध संसाधन/क्षमता	
बाढ़				1. विद्यालय	मानव संसाधन
भूकम्प				2. महाविद्यालय	डॉक्टर डॉक्टर
सुखा				3. अस्पताल	भूतपूर्व सैनिक
चक्रवात				4. पंचायत भवन	शिक्षक
ओलावृष्टि				5. अन्य भवन	नलमिस्त्री
आग				6. उँचा चबुतरा	नर्स
औद्योगिक दुर्घटना				7. सड़क	घर मिस्त्री
सड़क दुर्घटना				8. रेल	एनसीसी लड़के
शीत लहर				9. रेलवे प्लेटफॉर्म	नेहरू युवा केन्द्र
लू				10. उँचा चापाकल	नागरिक सुरक्षा
भीड़/मेला				11. संचार के साधन
				12. सरकारी वाहन
				13. नाव/मोटर बोट
				14. जन वितरण की दुकान
अन्य				15.
				16.
				17.

2. क्षमता निर्माण के लिए किये गये कार्य :

(क) मानव संसाधन में क्षमता वृद्धि हेतु

(ख) संरचनात्मक ढांचा के मजबूतीकरण हेतु

3. प्रखंड स्तर पर विभिन्न प्रत्युत्तर/मोचन(Response) दल का गठन और स्थिति

4. आपदा के समय विभिन्न प्रखंड स्तरीय पदाधिकारियों को सौंपे जाने वाले दायित्व :

पदाधिकारी :

सौंपे गए दायित्व

दूरभाष

(1) कृषि पदाधिकारी

(2) पशु चिकित्सा पदाधिकारी

(3) प्रखंड स्तरीय भारत संचार निगम लि०

- (4) प्रखंड स्तरीय भवन निर्माण अभियंता
- (5) प्रखंड शिक्षा पदाधिकारी
- (6) अग्निसेवा/दमकल
- (7) प्रखंड स्तरीय खाद्य गोदाम प्रभारी
- (8) प्रखंड खाद्य आपूर्ति पदाधिकारी
- (9) उपस्वास्थ्य/अन्य स्वास्थ्यकेन्द्र प्रभारी चिकित्सा पदाधिकारी
- (10) विकास मित्र, न्यायमित्र
- (11) स्थानीय मिडिया
- (12) निरीक्षक
- (13) पंचायती राज पर्यवेक्षक
- (14) अभियंता सहायक लोक स्वास्थ्य अभियंत्रण
- (15) स्थानीय पुलिस पदाधिकारी
- (16) स्थानीय डाक एवं तार घर
- (17) पंचायतो के मुखिया
- (18) स्थानीय एन.जी.ओ., नेहरू युवा केन्द्र, नागरिक सुरक्षा की स्थिति
- (19) सार्व्विकी पर्यवेक्षक
- (20) अभियंता स्थानीय क्षेत्र अभियंत्रण संगठन
- (21) परिवहन डिपो/ वाहन मालिक
- (22) प्रखंड स्तरीय पंचायत समिति
- (23) नगर निगम/नगर पालिका/नगर परिषद्
- (24) अभियंता जल संसाधन
- (25) प्रखंड सहकारिता पदाधिकारी
- (26) राजस्व कर्मचारी/अचल कर्मचारी

5. आपदाओ का इतिहास (केवल उसी वर्ष का अंकन करे जिस-जिस वर्ष आपदा आई हो।):

आपदा	माह/वर्ष						
बाढ़							
भूकम्प							
सुरवा							
चक्रवात							

ओलावृष्टि							
आग							
औद्योगिक दुर्घटना							
सड़क दुर्घटना							
शीत लहर							
तू							
अन्य							

6. उपरोक्त आपदाओं में विभिन्न विभागों द्वारा निर्वहन की गई भूमिका

विभाग का नाम :	निर्वहन की गई भूमिका :
(क)	(क)
(ख)	(ख)
(ग)	(ग)
(घ)	(घ)
(ङ.)	(ङ.)

7. प्रत्युत्तर/मोचन(Response) की संभावित योजना : (प्रत्येक प्रभार पदाधिकारी का)

8. प्रखंड का GIS Map संलग्न करें-

9. प्रखंड का दूरभाष संदर्शिका संलग्न करें

10. प्रखंड का पूर्वनिर्मित प्रखंड आपदा प्रबंधन योजना संलग्न करें (यदि हो तो)

11. प्रखंड में आपदा के दौरान जन सूचना के साधन :

12. प्रखंड की भौगोलिक स्थिति :

13. प्रखंड की जनसंख्या विवरण :

आबादी	स्त्री	पुरुष	साक्षर	0-6	विकलांग
सामान्य					
पिछड़ा					
अनुसूचित जाति					
अनुसूचित जनजाति					

14. पंचायत का नाम : रामपुर --- --- --- --- --- --- ---

(जैसे रामपुर)

आवास गणना :

पक्का :

मिश्रित :

कच्चा :

फूस :

कुल :

15. प्रखंड का :

(क) श्रमिक विवरण - - - - (ख) औसत माहवारी वर्षापात - - - - (ग) माहवारी तापक्रम - - - - -

16. प्रखंड में हैलीपैड का विवरण :

हैली पैड - - - अवस्थिति - - - प्रखंड से दूरी एवं अवस्थिति - - - पहुँच पथ से दूरी एवं अवस्थिति - -

17. राहत वितरण केन्द्र का विवरण:

गाँव	पचायंत	प्रखंड से दूरी

18. पेयजल की स्थिति:

साधन सामान्य स्थिति आपदा में घर से दूरी

कुआँ :

चापाकल :

- - -

- - -

- - -

19.

सिचाई के साधन	कुआँ	नलकूप		कुल संख्या	नदी	पोखर	अन्य
		सरकारी	व्यक्तिगत				

20. प्रखंड में आश्रय स्थल एवं शौचालय

आश्रय स्थल का नाम	शौचालय		पेयजल		स्वास्थ्य केन्द्र	उपकेन्द्र	नाव		अग्निशाम
	हाँ	नहीं	हाँ	नहीं			सरकारी	व्यक्तिगत	

21. प्रखंड स्तरीय स्वास्थ्य संबंधी सूचना :

अस्पताल	चिकित्सक	नर्स	आशा कार्यकर्ता	दवाईयाँ	सीटे	
रेफरल अस्पताल						
पीएचसी						
अतिरिक्त पीएचसी						
उपस्वास्थ्य केन्द्र						

22. प्रखंड में रक्त संबंधी सूचना: रक्त की आपूर्ति स्थल - - - - - रक्त अधिकोष - - - - -

23. प्रखंड में जनवितरण प्रणाली दूकान:

किरासन तेल ड्राम की संख्या:

24. प्रखंड में वाहनो की संख्या :

सरकारी वाहन / निजी वाहन : बस / ट्रक / टैक्टर / कार

डीजल पम्प की सं. :

25. प्रखंड और मिडिया : प्रिंट / इलेक्ट्रोनिक मिडिया का नाम

दूरभाष सं.

26. प्रखंड स्तरीय विभिन्न संघों की सूचि एवं कार्य लिखें :

संघ(जैसे स्वास्थ्य संघ/छात्र संघ/ दलित आदिवासी संघ/कर्मचारी संघ) का नाम:

कार्य :

दूरभाष:

27. प्रखंड में एनजीओ/अंतरराष्ट्रीय एनजीओ/रेड क्रॉस/सिविल डिफेन्स/एन.सी.सी. आदि की गतिविधियों की चर्चा करें:

एजेन्सी	गतिविधियाँ	दूरभाष

28. प्रखंड स्तरीय विषय विशेषज्ञों की सूची एवं दूरभाष :

विषय विशेषज्ञों

दूरभाष

डॉक्टर

इंजिनियर

भूतपूर्व सैनिक

29. प्रखंड का संसाधन मैप संलग्न करें और दर्शाएँ :

अस्पताल/रेल लाईन/उँचे सड़क/विद्यालय/महाविद्यालय/पंचायत भवन/सामुदायिक भवन/ पोखड़ा
- तालाब/नदियाँ/पर्वत/उँचे चापा नल

(प्रत्येक पंचायत से नजरी नक्सा लेकर प्रखंड का नजरी नक्सा तैयार किया जा सकता है।

30. प्रखंड में सक्रिय एनजीओ की सूची संलग्न करें :

जिला आपदा प्रबंधन योजना हेतु दी जाने वाली जानकारियां

पंचायत अनुसूची

जिला:----- प्रखंड -----पंचायत----- प्रखंड की दूरी-----
पंचायत के आपदाओं को चिन्हित करे तथा बिन्दुवार पंचायत से संबंधित सूचना दे। जगह अपर्याप्त हो तो अतिरिक्त पृष्ठ संलग्न करें।

1. पंचायत में आपदा, खतरा (Hazards), सवेदनशीलता (Vulneability), संसाधन/क्षमता (Resources/Capacity)

आपदा	खतरे	सवेदनशीलता	उपलब्ध संसाधन/क्षमता	
बाढ़			1. विद्यालय	मानव संसाधन
भूकम्प			2. महाविद्यालय	डॉक्टर
सुखा			3. अस्पताल	भूतपूर्व सैनिक
चक्रवात			4. पंचायत भवन	शिक्षक
ओलावृष्टि			5. अन्य भवन	नलमिस्त्री
आग			6. उँचा चबुतरा	नर्स
औद्योगिक दुर्घटना			7. सड़क	घर मिस्त्री
सड़क दुर्घटना			8. रेल	एनसीसी लड़के
शीत लहर			9. रेलवे प्लेटफॉर्म	नेहरू युवा केन्द्र
लू			10. उँचा चापाकल	नागरिक सुरक्षा
भीड़/मेला			11. संचार के साधन	अन्य
			12. सरकारी वाहन
			13. नाव/मोटर बोट
			14. जन वितरण की दुकान
अन्य			15.
			16.
			17.

2. क्षमता निर्माण के लिए किये गये कार्य

मानव संसाधन में क्षमता वृद्धि हेतु

संरचनात्मक ढांचा के मजबूतीकरण हेतु

3. जिला स्तर पर विभिन्न प्रत्युत्तर/मोचन(Response) दल का गठन और स्थिति

4. आपदा के समय समितियों को सौंपे गए दायित्व

समितियाँ :

सौंपे गए दायित्व

समिति प्रमुख का दूरभाष

(1) ग्राम पंचायत बाल समिति

(2) ग्राम पंचायत आपदा प्रबंधन समिति

(3) ग्राम पंचायत शिक्षा समिति

- (4) ग्राम पंचायत खोज एवं बचाव समिति
- (5) ग्राम पंचायत पशुधन प्रबंधन समिति
- (6) ग्राम पंचायत पेयजल/स्वच्छता एवं सफाई समिति
- (7) ग्राम पंचायत स्वास्थ्य समिति
- (8) ग्राम पंचायत राहत समिति (Relief)
- (9) ग्राम पंचायत वार्ड सदस्यों के लिए
- (10) ग्राम पंचायत आश्रय स्थल निगरानी समिति
- (11) ग्राम पंचायत प्राथमिक सहायता दल
- (12) ग्राम पंचायत प्राथमिक सूचना समिति
- (13) ग्राम पंचायत पशुधन एवं पशुचारा बचाव समिति
- (14) पंचायत सेवक एवं पंचायत सचिव का दायित्व
- (15) ग्राम पंचायत के लिए किसान सलाहकार, विकास मित्र
- (16) ग्राम पंचायत में स्वास्थ्य समिति – आशा कार्यकर्ता आदि
- (17) ग्राम रक्षा दल एवं दलपति
- (18) सामुदायिक विकास के लिए समिति यथा आँगनवाड़ी
- (19) ग्राम पंचायत परिवार तैयारी समिति
- (20) ग्राम पंचायत जन जागरूकता समिति (विभिन्न ग्रामीण समितियों यथा दूर्गा पूजा समिति, लक्ष्मी पूजा समिति, जातिगत समाज समिति आदि) का दायित्व
- (21) पंचायत में पटवन हेतु मशीन वालो की समिति
- (22) पंचायत में वाहन रखने वालो की समिति
- (23) पंचायत में सक्रिय सदस्यों यथा नेहरू युवा केन्द्र, नागरिक सुरक्षा/एनसीसी की भूमिका

5. आपदाओ का इतिहास (केवल उसी वर्ष का अंकन करे जिस-जिस वर्ष आपदा आई हो।):

आपदा	माह/वर्ष						
बाढ़							
भूकम्प							
सुरवा							
चक्रवात							
ओलावृष्टि							
आग							
औद्योगिक दुर्घटना							
सड़क दुर्घटना							

शीत लहर							
लू							
अन्य							

6. उपरोक्त आपदाओं के समय विभिन्न समितियों द्वारा निर्वहण की गई भूमिका

समिति का नाम :

निर्वहण की गई भूमिका :

7. प्रत्युत्तर/मोचन(Response) की संभावित योजना :(क्या-2 करेगे जब आपदा आएगी) प्रत्येक समिति की योजना संलग्न करें :(समितियों के नाम क्रमांक 4 पर अंकित है)

8. समितियों के प्रशिक्षण की योजना बतावे (किस योजना को किए माह में) :

9. पंचायत का दूरभाष संदर्शिका संलग्न करें (पंचायत के प्रमुख व्यक्तियों वार्ड सदस्यों एवं तकनीकी मानव संसाधन जैसे डॉक्टर, रिटायर मिलिट्री मैन, इंजिनियर, शिक्षक आदि)

10. पंचायत का पूर्वनिर्मित पंचायत आपदा प्रबंधन योजना संलग्न करें :(यदि बनाया गया हो तो)

11. पंचायत में आपदा के दौरान एक दूसरे को खबर देने का साधन :

12. पंचायत की भौगोलिक स्थिति : (क्षेत्रफल, मिट्टी, पहाड़, जंगल, नदी नाले, पोखरे, वर्षा, चौहद्दी, फसले, सिंचाई के साधन आदि)

13. पंचायत की जनसंख्या विवरण :

आबादी	स्त्री	पुरुष	साक्षर	0-6	विकलांग
सामान्य					
पिछड़ा					
अनुसूचित जाति					
अनुसूचित जनजाति					

14. राहत सामग्री के भण्डारण की व्यवस्था : (रिलिफ के समान कहाँ रखेगे एवं कैसे बाँटेगे, यदि ऐसा करना पड़ा तो)

15. पंचायत में सक्रिय NGO की सूची संलग्न करें।

ॐॐॐॐॐॐ
